

2021 AAUW NATIONAL

ELECTION

AAUW MEMBERS VOTE TO RETAIN DEGREE REQUIREMENT for MEMBERSHIP

The AAUW National Election concluded this May, and the ballot initiative to eliminate the membership requirement got 63% of the vote, which was just below the two-thirds majority needed to enact a bylaw change.

AAUW National Board Chair Julia Brown comments on outcome:

"The board-recommended ballot initiative to remove the college-degree membership requirement did not receive the two-thirds, or 66.6%, vote required to enact a bylaws change. The board is heartened that a remarkable 63% voted in favor of making this change, indicating a momentum shift toward a more inclusive membership. This was a significantly higher number than previous votes, which hovered just below 50% to make the change." While we have many voices, I know we all share the same commitment to AAUW's mission of advancing gender equity for women and girls through research, education and advocacy, and our vision of achieving equity for all. More than ever, we must embrace our values and continue to strive towards [diversity, equity and inclusion](#); it's a journey that will never end."

Ann Pehle, AAUW Pennsylvania President reacted: "On the AAUW website, you can find a [summary of the results and data](#) on total votes cast by members of branches and national members and interactive maps showing the percentage approval for the Public Policy Priorities and Bylaw Change (hover over a state to reveal the percentage). The bylaw change required 66.6% approval and received 63%. Pennsylvania approval was 64.09%. I am sure many of you share my profound disappointment with the results. I am extremely pleased with your attention to this issue and the effort of you and your Board to inform members of the issue and encourage every branch member to vote. Thank you to Jordan Glover, AAUW Pennsylvania Diversity & Inclusion Chair, for creating many and varied resources. Thank you to branch Boards for your commitment to transparency, informing, and having difficult conversations."

hiring, a practice that puts women at a financial disadvantage.

- Develop more women leaders through workshops and conferences.

CONGRATULATIONS to MEMBER JEAN FORSTER - 100 YEARS YOUNG

Jean celebrates 100th birthday.

This month, AAUW State College member Jean Forster, a resident of Foxdale Village, reached her hundredth birthday. Happy Birthday and best wishes, Jean!

Jean has been a member of AAUW State College a record 76 years, having joined the branch in 1945. She served as branch co-president from 1989-1991.

We caught up with Jean recently and asked about her time in AAUW and what aspects of AAUW have been most important to her.

Jean joined AAUW as a college graduate and felt she should be participating in things, learning things, and giving back to others some of what she learned. Having lived in several different countries throughout her married life, Jean has

always appreciated AAUW as a women’s organization that works internationally. She fondly remembers working with E-tu Sun in programs and through study groups, such as the one on international relations, that helped people understand what is going on in the world. Jean added that she has always felt that more women should become diplomats, as they are able to perceive and conceive in a way that a man can’t and wishes more women would get involved in politics.
